

SAME **DURABLE** PRODUCT, **EXCLUSIVE** EXTENDED WARRANTY

Your home is an important investment, one that holds and helps protect the people and things that you value most.

Whether you're re-siding your home or building new, the quality of the installation is just as significant as the quality of the product itself. Improper installation remains the primary culprit behind subpar product performance and customer dissatisfaction, with the added risk of a warranty claim being denied if the product was installed improperly.

Relying on trained, experienced, and certified professionals is the first step to helping ensure that your home's siding maintains a beautiful appearance and exceptional performance for many years.

What does it mean to be an LP[®] CERTIFIED INSTALLER?

- We have met LP's Certified Installer program requirements by providing information about our business history, insurance coverage, and required licensing.
- We have satisfied LP's Certified Installer training requirements.
- We maintain our eligibility to participate in the Certified Installer program by satisfying LP's post-installation audit requirements.

By choosing an LP Certified Installer to install LP[®] SmartSide[®] products on your home, you will receive extended product warranty coverage from LP:

- ✓ LP SmartSide Substrate Warranty: from 5/50 to 10/50
- ✓ LP ExpertFinish Finish Warranty: from 5/15 to 7/15
